## VICSD IMAGING REFERRAL OPTIONS EXPLAINED: FAST-TRACK VS. DIRECT

### Did you know that we offer two different options for imaging referrals?

Our goal is to make the referral and billing processes as simple and convenient as possible for you and your patients' owners. Of course, the level of care and service provided remains the same.

	<b>Fast-Track Referral</b>	<b>Direct Referral</b>	<b>Your Profit and/or Owner Savings*</b>
Party responsible for booking the imaging appointment	Regular Veterinarian	Pet Owner	
Party responsible for payment to VICSD for services	Regular Veterinarian	Pet Owner	
<b>Pricing Difference Example: Single Cavity Ultrasound</b>	<b>\$297</b>	<b>\$410</b>	<b>\$113*</b>

*\* This number depends on the amount your hospital charges the pet owner for our services. For example, if you booked an ultrasound appointment as a Fast-Track, we will bill your hospital \$297 for services rendered, and you can then charge your client as you see fit, using our FT/Direct prices as a guide.*

***We offer free, no obligation service estimates for all procedures upon request. If you would like to obtain an estimate or have any questions, please do not hesitate to give us a call.***
